DESIGNED TO KEEP EVERYTHING
IN PERFECT WORKING ORDER.

Made for people who really care about saving lives, not just about conforming with minimum standards

The Toughstore SOS700 is the best lifebuoy housing on the market, why?

- Designed in consultation with the RNLI
- It's made from Polyethylene for maximum resistance to corrosion and UV.
- It has a floating polyethylene line, well in excess of RNLI breaking strain guidelines.
- It's unique design has hinged doors with a central handle, protecting the lifebuoy and throwing line.
- The throwing line is integrated into the handle, to ensure it's tangle-free for easy and fast deployment. Saving precious seconds, which saves lives.
- Accessories include fibreglass legs and mounting feet, for extra strength and resistance to corrosion. Also a highly durable sign panel for instructions, sponsorship or mounting other safety devices.
- Anti-tamper seal to deter vandalism.
